MINIMIZE COSTS

WHAT IS OASIS?

OASIS is a single comprehensive Government-wide contract that addresses the needs of Government agencies for a full range of professional and technical services. OASIS Small Business (SB) is a family of 7 separate MA-IDIQ task order contracts that span 29 North American Industry Classification System (NAICS) codes.

OASIS and OASIS SB MA-IDIQ Contracts Provide
Flexible And Innovative Solutions For Complex Professional Services.

- OASIS contracts span many areas of expertise and mission space.
- OASIS contracts span multiple professional service disciplines.
- OASIS contracts allow flexibility for all contract types at the task order level.
- OASIS contracts allow Other Direct Costs (ODC) at the task order level.

WHY OASIS?

- Pre-competed FAR-compliant contracts
- No need to conduct a formal, negotiated procurement
- No protests allowed for orders valued up to \$10 million
- Flexible prime/subcontracting arrangements at the task order level
- Standardized labor categories and qualification levels
- Ability for additional labor categories to be added at the task order level
- Flexible solicitation format, evaluation factors, and source selection
- New task orders can be awarded through 12/19/2024; tasks can be extended through 12/19/2029
- Limited competition among mature SBs (size standard < \$41.5M) with successful history of contract execution
- Customer agencies receive small business credit toward goals

WHAT YOU SHOULD KNOW

Be sure to use the SB Pool 3 link (osis-sb-awardees-pool-3@gsa.gov) when sending information. Sending task orders to the Unrestricted pool does NOT include Small Businesses! When issuing a Request for Proposal (RFP) under OASIS, only one contract vehicle, OASIS Unrestricted or OASIS SB, and only one Pool can be solicited.

Contract # 47QRAD20D3135 | GSA OASIS SB Pool 3 | NAICS Code: 541330
(Engineering Services)
